

RYA/ PYA Tender Operators Course

The aim of this course is to build on the skills learnt on the RYA Level 2 Powerboat course, with the emphasis on the demands of driving a Super Yacht tender.

It focuses on the boat handling and pilotage skills necessary for the safe transfer of passengers and crew by day and night. A night exercise is included in the course.

Previous knowledge: RYA Level 2

It is recommended that candidates hold both a valid first aid certificate and a VHF (SRC) operator's license or equivalent.

Duration : 2 days

Course venue: Beaulieu sur Mer

Why choose Oceanpro for your Tender Operator Course?

- Training in both outboard and twin engine craft to give you the most experience possible.
- Realistic scenarios and exercises in one of the most popular Super Yacht anchorages in the world.
- Set to become the industry standard for night operations.
